

# Come Away With Me

Words and Music by Gen Bryant

**I can feel you calling,  
Come away with me, trust in me.  
I can feel you calling,  
Come away with me, be with me**

Turn away from the darkness of this world.  
I'm coming back to the place that I call home,  
Where I belong

**I can feel you calling,  
Come away with me, trust in Me.  
I can feel you calling,  
Come away with me, be with me.**

You pick me up, Your love carries me through.  
You hear my cry, when I need You,  
Even when I fail you.
